

CLETOP-S
CASSETTE AND
STICK

NEXT
GENERATION
CLEANING
PERFORMANCE

The new CLETOP-S fiber optic cleaning cassette builds on the success of its predecessor to give world class cleaning performance at exceptionally competitive cost efficiency. Designed to suit operators, production engineers and buyer alike, the CLETOP-S offers the following advances: -

- More Rugged, Ergonomic Design
- Slide open lock offers easier access to replacement reels
- Integrated replacement cartridge offers quicker, easier reel change
- Central push button operation offers ease of use for left handed and right handed operators
- Moulded plastic design makes it more cost effective than ever
- New tape availability offers improved cleaning performance
- Anti-static body and replacement cartridge

With no competitive product able to match its cleaning performance, ruggedness, and cost effectiveness, the CLETOP-S is the professional choice.
